What is “**NADESHIKO**” ??

1. GETA style EVA sandals Made in Japan.
2. Waterproof, Anti-slip, Light-weight.
3. Comfortable cushion of thick sole.
4. Design of Oriental Beauty.

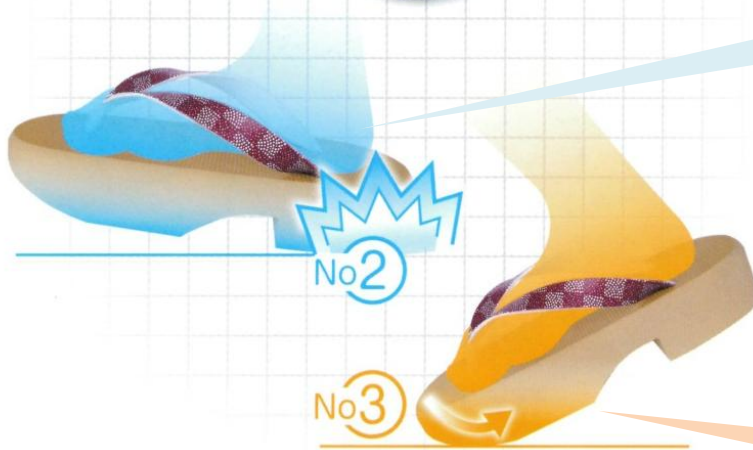

NADESHIKO sandals were created based on GETA. GETA are Japanese traditional footwear. Historically, GETA gained popularity and variety in Edo-era. GEISHA, OIRAN, and KABUKI actors wore special GETA for fashion. By the time of postwar, GETA had been Japanese regular footwear. They were worn with traditional Kimono, but also with Western clothing. NADESHIKO Sandals are modernized form of GETA. Along with the traditional beautiful shape of GETA, NADESHIKO is waterproof, anti-slip, and light weight. Thick EVA sole provides comfortable elastic cushion. Fashionable and Practical GETA of the 21st century. Get NADESHIKO, Get Oriental Beauty on you.

3 Advantages of “NADESHIKO” Sandals

1. “I”-slit strap

Hard strap causes finger pain, soft strap causes breaking off. But, NADESHIKO’s “I”-slit strap made it possible to maintain both durability and flexibility. The effect and design of this special strap is admitted and patented.

2. Comfortable cushion of Thick EVA sole

NADESHIKO’s sole is made of EVA(Ethylene-vinyl Acetate). Thick EVA sole provides elastic cushion effect. Moreover, EVA is waterproof material, so you can walk in water with NADESHIKO.

3. Design

NADESHIKO followed the design of traditional GETA.

The sophisticated shape had been formed for easy-walking through eras. The elegant curve represents Oriental Beauty. Naturally, NADESHIKO won Good Design Award in 2013.
